FARM AND GARDEN SEEDS

WE ARE STRICTLY a garden, farmers' seed and implement supply house, using the same care in selection of our seed stock from reliable growers as would be exercised by the most particular gardener or trucker.

While we believe prices quoted are the best prices to be offered, still they are subject to market changes.

SPECIAL—DON'T FORGET—When ordering seed sent by mail to include postage.

Our Terms are Strictly Cash with the Order

We do not send C. O. D., as the cost of collecting return charges is quite an unnecessary item of expense and the prices being given, we can conceive of no necessity, to warrant goods being so sent.

How to Send Money

Remittances may be made at our risk by any of the following methods, viz.: **Postal Money Order, or Express Company's Money Order.**

The rates charged for Postal Money Orders and Express Money Orders are now so low that these are the best ways to remit. We will bear the expense of sending money in either of these ways. Deduct the cost of the order from amount sent.

When Money Orders cannot be obtained, letters containing money should always be registered. Money in ordinary letters is **unsafe**. If currency is sent by express, the charges should be prepaid.

Personal Checks

If personal checks are used they should be certified, otherwise shipment of your order may be delayed pending collection.

Name and Address Should Always Be Given

Frequently we receive unsigned letters. Sometimes they contain money and orders. Sometimes too, letters are received in which the name of the town is left out and the postmark is blurred. We cannot fill orders unless we know the name and address of the buyer.
